# Support for Younger Veterans in Residential Care

Initiated & supported by  
Department of Veterans' Affairs

## Younger Veterans\*

In certain situations, younger veterans and war widow/ers (i.e. those 65 years of age and under) with special needs may require a level of care that cannot be provided in the community.

Currently, residential aged care facilities (nursing homes & hostels) and supported residential services, may be the only choice of accommodation for these veterans where 24 hour care can be provided.

As a group of ex-service organisations, we are committed to the well being of all members of the ex-service community and therefore represent the welfare and best interests of those under the age of 65 years who are admitted to residential aged care facilities and supported residential services.

\* The word 'veteran' is inclusive of all members of the ex-service community, and their dependants, including those who may not receive a Department of Veterans' Affairs' entitlement.

## How Can We Help?

- Provide information about services available both in residential and community care.
- Provide information regarding access to facilities that may have a special interest in caring for younger people, particularly those who are members of the ex-service community.
- Arrange contact & assistance from your local ex-service organisation.
- Liaise with providers of care to ensure they have a good understanding of the needs of members of the ex-service community.
- Liaise and advocate for younger veterans in residential care at higher levels (i.e. government & policy).

## Referral

If you would like us to contact you, please complete the following and send to:

**YVinRC**  
c/- ANZAC House  
4 Collins Street  
Melbourne Vic 3000

or **fax to: YVinRC on 03 9655 5500**
